Summative Review of PDP Progress

Area No.	Professional Learning Goals	Activity or Course Title	Total Hours	Documentation/ Evidence	Completion Date	Reflections
1	My goal this year is to help all of my students achieve or exceed their projected growth in Reading. Specifically, I would like to help my middle cluster of students progress to the 211-230 range. An average 2nd grader's growth per year should be 11 points in reading, so I would like to help all students grow a minimum of 11 points. I plan to do this through the use of small group instruction in guided reading groups.	Guided Reading PD led by Mrs. Ivarie		PD Agenda
